

### Description

Set in a magical food factory, PoP! is a game filled with deliciously delightful treats. In an amazing world of gummy-berry trees, cupcake mountains and marshmallow mines, the PoP! factory creates hundreds of mouth-watering foods, with the help of fantastical machinery and amazing gadgets!

Help professor Gumdrop collect all of the scrumptious food on offer. Pop the bubbles filled with tasty food, and drop them into the blitz-o-matic 5000 food processor. Combine ingredients to create new and amazing dishes such as Candy Apple Cream Pies and Chocolate Fudgleberry Cakes, or Goopy Marshmallow Fudge Bombs and Tripleberry Sundaes.

But don't play if you're on a diet... The excitement may just be too much to handle!

### Key features:

- 2 great game modes
- Fantastically fun gameplay
- Amazing artwork
- Easy to follow, gameplay tutorial

### Coming soon:

- **New Recipes** - by popping the correct items players can create wondrous new recipes
- **Pancake Point** - players can earn pancake points to buy upgrades and unlock new items
